TIGER

Barbara  
there are  
found no one  
that could explain who  
we meant to be.  
During our elementary school  
years all must go up. I am going to go on  
at, & really don't know how I am going to have to do it.  
go along without you developing your talents and  
anyway God and you will surely make it  
within

a good friend  
a good day, Good bye

Dear Barbara,

Always remember  
all that we send into  
the lives of others comes  
back into our own.

Please continue to be  
the nice, sweet girl that  
you are. Best wishes,

Mrs. Willis

## FOREWORD

THE TIGER is a symbol of all the accomplishments that were achieved across the seasons.

We hope that as you look through the pages of this book, they will bring back memories of those who worked for these accomplishments and enjoyment to those who observe them.

May you receive much pleasure from viewing our annual.

## *DEDICATION*

Mrs. Marie Stringfellow spent six of her teaching years at Rogers High School as advisor to the TIGER staff. Trying and tiring as the publications have been, she never relinquished her pursuit to publish an annual that would live long in the hearts of the Rogers Family. Thus, the annual of 1968 shall serve as a means of expression of our love and gratitude to you for your guidance and devotion to us in previous years.

We dedicate the 1968 edition of the TIGER to you, Mrs. Marie Stringfellow, as a tribute for your faithfulness, loyalty and untiring dedication to the youth of Madison County.

SCENES OF THE VISITING COMMITTEE'S REPORT

To the Administration, Parents, and Rogers Family:

This message is to express formal appreciation to everyone who has contributed to the Self-Study of Rogers Junior-Senior High School during the 1967-68 school term.

Without your genuine interest and concern for the up-grading of Rogers High School, our dreams of accreditation would have been virtually impossible.

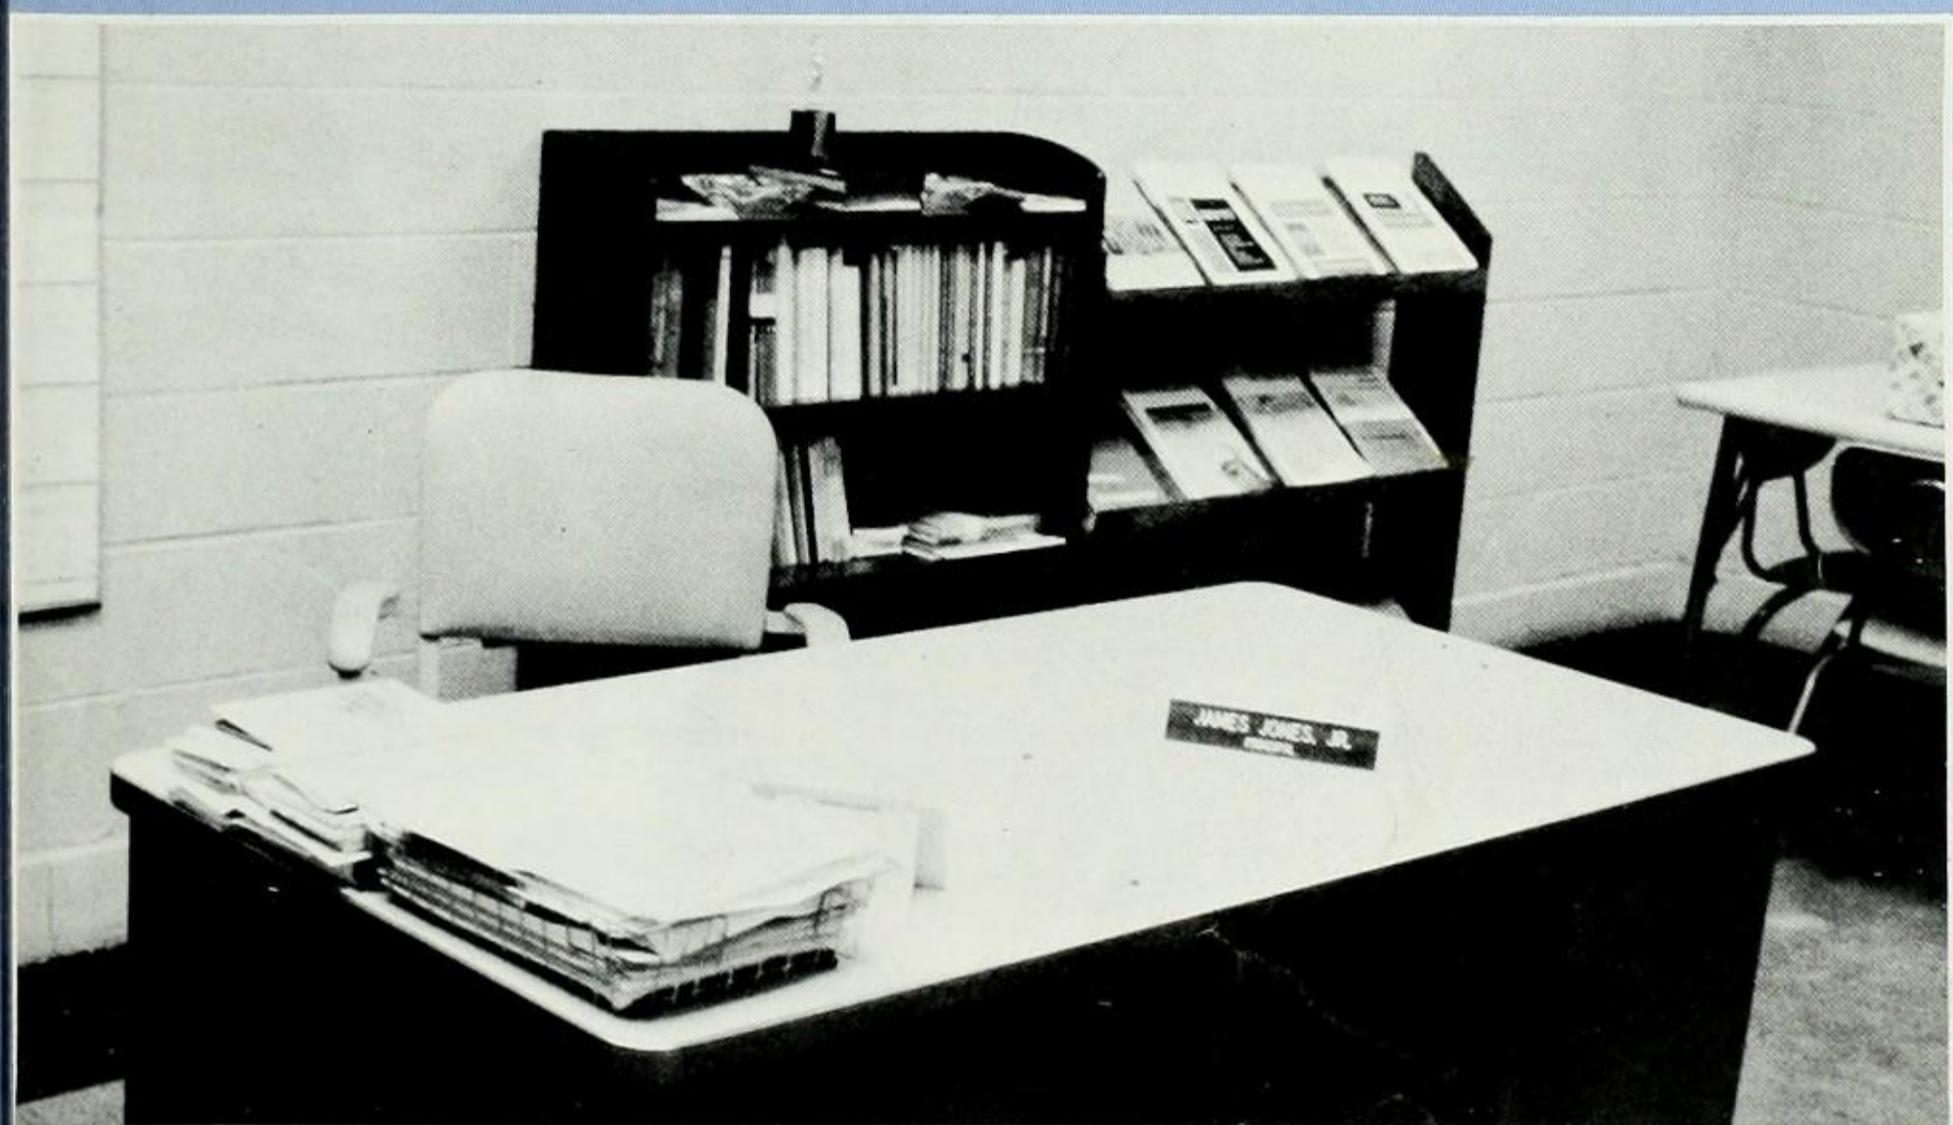

May our joining of many wills and strengths bring forth the fruits of a new and stronger foundation for our future posterity Thanks to everyone.

Yours truly,

Steering Committee

# *ADMINISTRATION*

#### PRINCIPAL'S MESSAGE

During the 1967-68 session, time and events brought the Rogers Junior-Senior High School face-to-face with the greatest challenge in its history. We were challenged by the standards of the Southern Association of Colleges and Schools to extend our horizons, set new goals, substantiate our philosophy through well-defined aims, objectives and educational practices. Our Self-Evaluation was the most revealing and rewarding experience ever for the principal, faculty, students, parents, and laymen of the Rogers High School community.

I take this opportunity to express my sincere appreciation to each individual and agency who helped to make our efforts to become a member of the Southern Association of Colleges and School a real success.

I highly commend the Annual Staff for this most outstanding publication. Certainly, this represents many hours of hard work-planning, collecting and arranging such a wonderful display of many of our educational activities.

Surely this publication of the TIGER will stand out as a "Special" in the hearts and minds of those who shared the toils and blessings of this session.

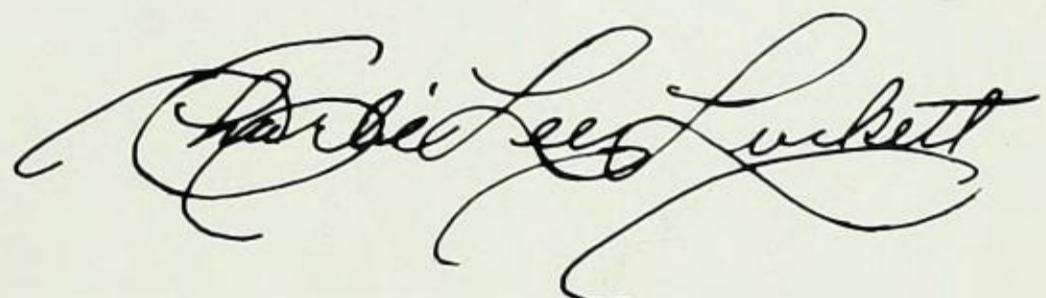

A handwritten signature in cursive script that reads "James Jones, Jr." The signature is fluid and personal, with distinct loops and flourishes.

#### THE VICE-PRINCIPAL'S MESSAGE

The 1967-68 school term has been an interesting and exciting session for the Rogers family. In this family each member has made many contributions to help equip one for society, but we still have unfinished work and many contributions to make.

During our planning in the Rogers family, we stress that no individual should idle away his time. Our planning provides organized sequences of courses, including courses for advanced pupils and for under-achievers. We constantly evaluate the Program of Studies to determine what modifications are needed to meet the changing needs of our students.

The significant factor is that we strive to develop the student physically, socially, mentally and emotionally to the maximum of his interest and capacity. Further, we stress that individuals should not be educated for "the individual's" sake but one should be prepared to make a contribution to society.

A handwritten signature in black ink, appearing to read "Darrell Lee Lubett". The signature is fluid and cursive, with a large, sweeping flourish at the end.

## *TEACHER OF THE YEAR*

In May 1966, Mr. Rudolph Tex Williams, a science teacher and the head basketball coach for the Junior Varsity team, received the highest honor that can be bestowed upon a teacher by the students at Rogers Junior-Senior High.

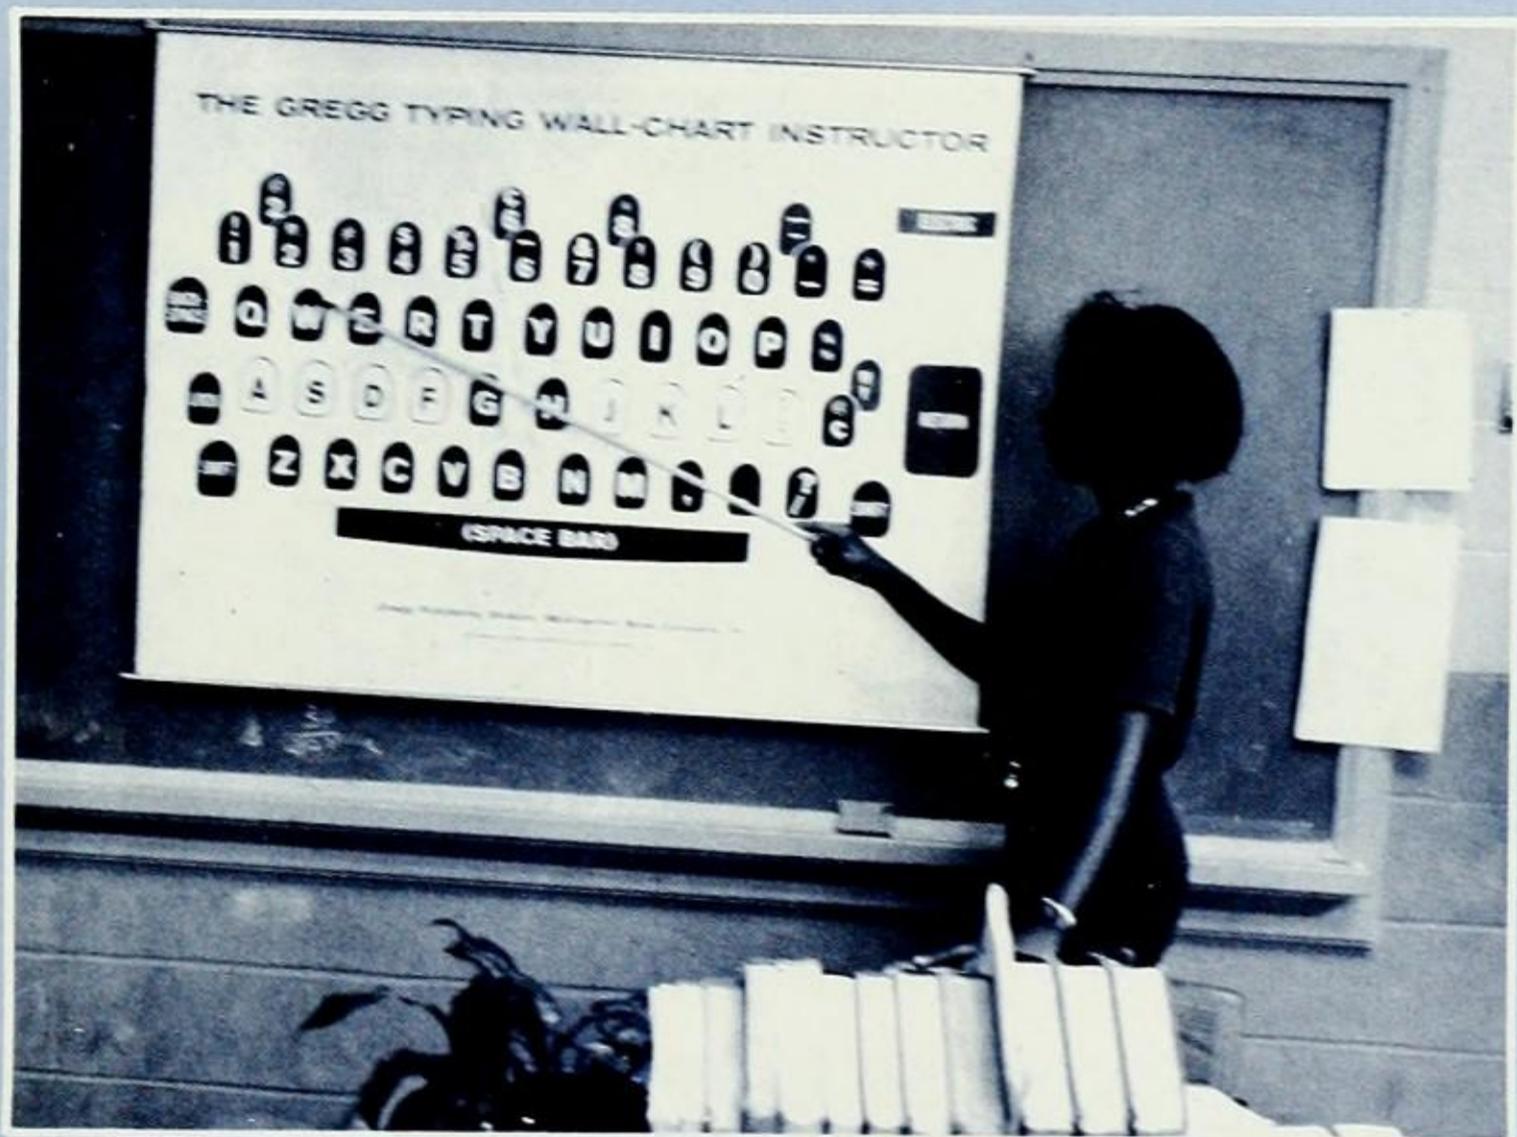

Mr. William's educational experiences have been successful, both scholastically and athletically.

He is a graduate of Lanier High in Jackson where he was a top-flight basketball player. His athletic ability exemplified in high school won him a four-year-all-expense paid scholarship in basketball, at Tennessee Agricultural Industrial State University where he earned his B. S. degree in science education.

After receiving the degree, he was sent to the Cincinnati Royals of the Professional Basketball Association for trial as a professional player. However, he canceled his offer in favor of the teaching profession.

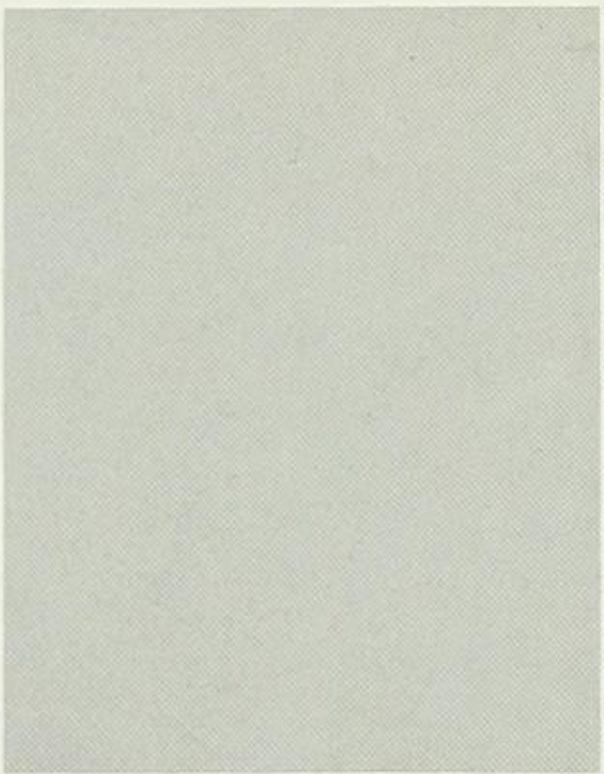

Because of his dedication to his profession, co-operative attitude, and his good relationship with the students of Rogers, he was chosen TEACHER OF THE YEAR.

# *STUDENT OF THE YEAR*

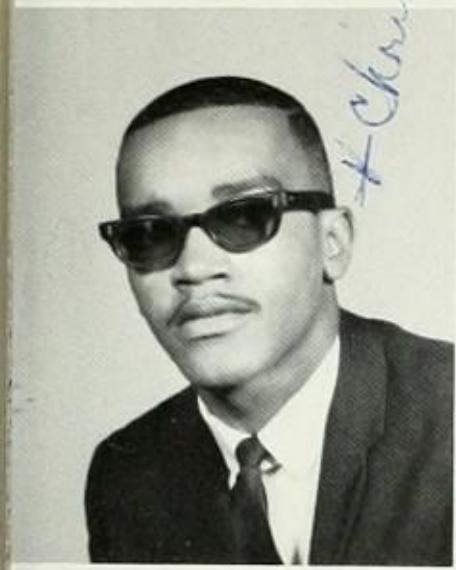

STUDENT OF THE YEAR, an honor, was bestowed upon Martha Alexander, a senior at Rogers High School, May, 1967. Though this came as a surprise to Martha, it should not have been, because across the years her only aspirations have been achievements and success.

Martha is a well-rounded person: spiritually, socially and intellectually. Her philosophy embodies the idea that "success through honor does not determine the individual, but the obstacles he has overcome in reaching this success."

For eight years she has been a member of the Rogers Family. During this time her endeavors have not all been easy, however, there were times of triumph. For seven consecutive years she has been an honor student; for two consecutive years she won honors in the Department of Science. She was chosen by one of the local clubs, the Elks, to speak in an Oratorical Contest, where she placed first in the local and second in the district.

In May 1967, she was elected President of the Student Government Association. During her Presidency she has tried continuously to uphold this great task by dedicating her time and service.

Martha's ambition is to further her education in some university of higher learning.

## FOOTBALL

The '67-'68 football team was mostly made up of boys who had no experience. The degree of success that was achieved can be contributed to those outstanding seniors who led the way for the inexperienced players. The team's 2-1-6 record placed them fourth in the conference this year, but this team, under the direction of the new coach, Thomas Johnson, visualizes a bright future for the Rogers Tigers in the coming years.

Charles Evans, a first year player, made All Big 8 this year, while first year man, Herman Smith, barely missed it. These two pleasant surprises give coach an even brighter look for the future.

## *Tigers On Rampage*

The Rogers High Tigers are continuing their campaign for a spot in state play-offs again this year. So far this year the Tigers have defeated Brandon Carter, 70-56, and 46-45; Jackson Brinkley, 70-58; McComb Higgins, 88-53 and 91-63; Greenwood Threadgill, 95-73; Greenville Weston, 119-105; Greenville O'Bannon, 79-78. Vicksburg Temple handed the Tigers their lone defeat, 78-62, in the finals of the Tip-Off Tournament at Jackson State in mid-November.

Team statistician Danny Tucker's records show that the starting five are shooting 55% in field goals and 60% in free throws. Tiger Roland Garrett leads the team with 26 points and 19 rebounds per game. Others with a scoring average in double figures include Albert Porter, 14; J. T. McMurtry, 14; Robert Miller, 11; and Emmitt Chamber, 11. J. T. Murtry plays outstanding defensive ball; blocking shots and grabbing rebounds, particularly in clutch plays.

Coach Tevester Anderson, assisted by Coach Rudolph Williams, counts heavily on bench support. Willie Earl "Zoo" McNeill, Charles "Chuck" Smith, Lawrence Mayberry, and Julius Branch have seen action in every game. Other reserves seeing action include Arthur Harris, James White, Billy Freeman, and Charlie Evans.

ROLAND GARRETT--ROGERS' FIRST HIGH SCHOOL  
ALL-AMERICAN

Roland Garrett completed one of the most successful high school basketball careers in the state of Mississippi by being named to the High School All-American Team of 1968.

Roland, an honor student at RHS, is the son of Mr. & Mrs. Coleman Garrett. In his senior year, Roland averaged 26 points and 19 rebounds per game on a team that was outstanding in its balanced attack and overall team efforts.

Under the tutelage of Coach Tevester Anderson, Roland became one of the most sought-after college prospects in the history of the school. Roland was also listed as All-Big 8, All District and All-State. As a junior he was named Honorable Mention All-American. Roland and the other members of the team carried Rogers through a most successful season in 1968.

The Junior Varsity, coached by R. T. Williams, has compiled a 4-1 record for the early '67-'68 season. The team, having only two players who have had experience in playing organized basketball, is rather young. So far, the team has won the annual Tri-County Tip-Off Tournament held at Greer High School in Thomastown, Mississippi.

The team's co-captains are Johnnie Grant and Richard Thompson. Curtis Dillion has shown himself to be the team's best scorer with an average of eighteen points per game; mean while, Tommie Wilson leads in rebounds with an average of fourteen rebounds per game.

The players have displayed good morale as well as good potentials; therefore, I say, "Run, children, run!"

*Coach R. T. Williams*

## *GIRLS' BASKETBALL TEAM*

The "Tigerette" team of 1967-68 got off to a pretty slow start but, as of this writing, they have proven to be worthy players by furnishing stiff competition to their opponents.

So far, they have played six games. They lost the first four games by a total of 20 points. This just shows that the "Tigerettes" was defeated by a total average of 20 points, overall.

As the season wears on the "Tigerettes" are showing tremendous improvement in weak areas, and they will try to improve the present record which is 4 losses and 2 wins.

Under the auspices of Co-Captains, Betty Collins and Hattie Deere, everyone can look for a revived "Tigerette" team for 1967-1968.

## *The '67-'68 Baseball Team*

"Championship!" "Championship!" exclaims the members of the 67-68 baseball team. A few months ago these same members would not have uttered these striking words because they faced a problem of an inexperienced infield. But the Tigers are proud to say at present that this problem has been greatly subdued. This problem is solved, but the Tigers paid the price while solving it. This is shown in their last years record.

Our glance at the future is far better than our recollection of the past. We now possess a strong infield, three consistent hitters: Percy Meeks, Arthur Harris, and Ruben Myers, and three pitchers who can really "toe the hill": Cary Johnson, Edwin Adams, and Fred Jackson. With this kind of material at hand, a championship must be our goal.

#### EDITOR'S MESSAGE

Preparing the 1968 TIGER was quite a challenge to the new staff members as well as to the advisors.

It takes endurance, determination, patience and work to produce a book worth viewing. I can truly say that this year's staff has tried to produce a book that the student body will be proud to call a yearbook and will cherish forever.

Education is our goal here at Rogers. The TIGER STAFF has tried to publish a book that is educational and at the same time enjoyable. We sincerely hope that you enjoy the products of your school as depicted in the 1968 TIGER.

# *PROJECT OPPORTUNITY*

10th Grade

Project Opportunity is a demonstration program directed at potentially superior students from disadvantaged backgrounds in eleven Southern communities. These students, identified in the seventh grade, are directed toward academic improvement through enriched educational experiences. The summer program provides opportunities for academic growth, cultural and recreational enrichment.

Projected Opportunity is financed by the Danforth and Ford foundations; sponsored by Tougaloo College.

# *UPWARD BOUND*

The Upward Bound Program is an enrichment program whose primary aim is to motivate underprivileged, yet capable high school pupils, to enter college. This program acquaints high school students with college by requiring each member to live on a college campus throughout the summer. During their stay, they are engaged in an intensification of English, Mathematics, Lab. reading, music and fine arts.

It further helps those financially underprivileged students, who have great potentials for a college education, but otherwise would not have discovered their true potentials.

# *THE INDISPENSABLES*

# *STAR STUDENT AND TEACHER*

We salute Miss Laura Ann Mims, a shy but genuine young coed, as "Star Student" of 1968 at Rogers High School. She has brought distinction to herself as well as to the Rogers High School family. Her superior performance on the ACT merited Miss Mims this honor.

She is the lovely daughter of Mr. Lester Dawson Mims of Canton, Mississippi.

Mr. Wallace Green, one of the many dedicated teachers of Rogers, was chosen by the honoree, as "Star Teacher."

The Principal, the supervisor and a consultant discuss initiating an in-service growth program for teachers.

A dense, abstract scribble in blue ink, appearing to be a large, irregular shape like a cloud or a leaf, centered on a page with faint background text.

The image shows a single page from a handwritten manuscript. The text is written in a fluid, cursive script, appearing to be in English. The handwriting is somewhat slanted and expressive. In the bottom right corner, there is a black ink illustration of a bird, possibly a hawk or eagle, perched on a branch. The bird is detailed with feathers and talons. Above the main text area, there is a large, stylized letter 'K' at the top left and a small, simple drawing of a fish-like creature near the top center.

Dear Blair,  
I've always considered you one of my  
greatest admited friends. We  
have through pleasure and  
disasters (especially during our  
pastoral year). Some good & some  
were good and always remember the  
bad. We always thought  
your down time will be yours.  
all success be yours.

A friend Always

Dear Barbara,

Each day we are faced with new and different  
problems. Sit down and think things out before making any decision.  
I hope and wish that you have the best of luck in the future.

Dear Blair

Dear Barb

I have enjoyed being a  
close friend of yours.  
I will never forget  
the debutant ball held  
at Mount Zion Church.  
Where ever you be or  
will place you on my  
top flight. May god bless  
you and be with you always  
every day of your life.
